Spiral Scarves: thinking outside the Nuno Felt Square

(a 1 or 2 day class)

This Nuno felting class is a creative adventure in thinking outside the square! Start with a rectangular piece of silk fabric, add some Fine Merino wool to the mix and make Spiral Scarves that bear no resemblance to the initial fabric shape! Play with creative intention and aim for well-finished and unique results that expand the possibilities in Nuno Felt. Some preparation such as dyeing your fabrics is optional, but previous Nuno-felting experience is *not* necessary.
