

Wrapped in NUNO Felt

(Minimum of 2 days)

Imagine using fine wool fibers as your 'paintbrush' and silk gauze fabric as your canvas - then felt the two together! The result is a new textile with uniquely textured surfaces, one-off shapes, and wonderful drape.

In this class you will learn about the creative possibilities of Nuno felt by making scarves and wraps. Depending on the length of the class, techniques may include multi-layered Nuno, using resists, adding tassels and incorporating Nuno pre-felts.

The focus is on 'quality in creativity' and includes attention to finishing. Nuno felting is wonderfully playful and colourful; the aim is to also finish works to a high standard.
All levels of experience.
